ABOUT US:

Acme is a Professional Training Organisation, focused on the Public and Private sectors.

Our Objective is to help our students hone their knowledge & skills while unlocking their full potential.

Our Facilitators/Trainers are experts in their subject matter & present high quality content, amplified by rich knowledge & experience.

Support for our students is offered at the highest level, through mentoring, coaching, & consulting; thereby maximising the implementation of their studies.

We are committed to the upliftment of people & communities, the profitability of companies, and the economic growth of the country.

VERTICAL ARTICULATION:

Skills Course contributing to
SAQA Qualification

Certificate in RISK MANAGEMENT

Skills Development NQF 5

STUDENTS WILL LEARN TO:

- ★ Identify and solve problems using critical and creative thinking processes to determine risk management requirements.
- ★ Work effectively with others as a member of a team, group, organisation or community in order to determine risks, potential risk and risk management procedures.
- ★ Organise and manage oneself and one's activities responsibly and effectively in order to manage risk proactively.
- ★ Collect, analyse, organise and critically evaluate information to effectively research all possible risk scenarios.
- ★ Demonstrate an understanding of the world as a set of interrelated systems by recognising that risk management issues do not exist in isolation and that a variety of factors can pose a risk to an organisation.

Aim of the Course

Empowering students to apply the core concepts of risk management to inform policy & strategic decision-making processes, enabling organisations to stay the course through planning the future with risk in mind.

- ★ Explaining risk management in the public sector
- ★ Analyse potential risks and the impact thereof on the specific sector
- ★ Developing and implementing risk management procedures
- ★ Monitoring and assessing risk management procedures
